Tips

For extra flavor, use vanilla bean paste instead of extract. You can substitute other seeds, such as poppy seeds or sunflower seeds, for some or all of the sesame seeds. If the dough is too sticky, chill it for a longer period. To prevent burning, keep a close eye on the cookies during the last few minutes of baking. Store cookies in an airtight container at room temperature for up to a week. They are best enjoyed within a few days for optimal freshness and crispness.

Bon Appetit! Enjoy your delicious meal!
